.NET Developer

OBJECTIVE

Obtain a position to continue developing my .Net skills and ultimately bring my proven leadership and communication strengths to a team.

TECHNICAL SKILLS

Languages:	C#, JavaScript, HTML5, CSS3, Transact-SQL (T-SQL)
Technologies:	MVC (bootstrap), ASP.NET 4.0, ADO.NET, API, Angular JS, Entity Framework
Database:	SQL Server 2014
Source Control:	GitHub
Tools:	Visual Studio 2015, SQL Server Management Studios
Software:	Microsoft Office (Word, Excel, PowerPoint), Google Docs

EXPERIENCE

Coding Temple

8/ 16-Current

E-commerce Application:

- Built an e-commerce website from the front-end to the back-end
- Designed the project wireframe and layout
- Involved in UI design and development using ASP.NET MVC, HTML5, CSS3, JavaScript, Angular JS
- Designed the database, created tables with records, and created/defined stored procedures to later access the products for my website
- Utilized bootstrap to create responsive and quick web design for all devices and browsers
- Used a factory service to consistently communicate within controllers created in the API
- Created a Web API to allow my website to access information stored in my database
- Used CORS to allow cross domain access between API and MVC application
- Implemented LINQ queries to give access to my SQL database for CRUD functionality
- Utilized browser development tools to track layout issues and debug JavaScript content

Front-End Web Application:

- Integrated front end design to create ecommerce website
- Implemented HTML and CSS to enhance design and display content
- Added dynamic and interactive features such as filtering products and writing product reviews using JavaScript and Angular JS
- Created an API to allow application access to database
- LINQ queries allowed for data retrieval using stored procedures

Coding Temple Website

- Recreated CodingTemple.com website
- Created wireframe of website to map out HTML design
- Used HTML and CSS to recreate the content and design of the website

PRIOR EXPERIENCE

Managing Director – The House Theatre of Chicago

8/12 – 8/16

- Grew revenue by more than 250%, adding \$1M to annual income
